

Madou Monogatari (PC-98)

Spells

Name	Effect
Fire	Basic starting spell. Free to cast and deals fire damage.
Ice Storm	Basic starting spell. Free to cast and deals ice damage.
Healing	Heals Arle when cast. Can be used inside and outside of battle.
Diacute	Triples the effect of the next spell.
Lwark Woid	Lowers defense.
Mind Blast	Decreases enemy intellect.
Judgement	Massive non-elemental damage. Expensive with low cast success rate. Remember to use your Eyeball Grass to raise your success rate!
Revia	Received damage reflected back at the enemy.
Sleep	Puts the enemy to sleep.
Bayoen	Pacifies enemies for a few turns.
Light	Lights up dark areas outside of battle.
Illusion	Transform into an illusion dragon to scare enemies and prevent random encounters for a brief time.
Warp	Teleports you directly up 1 floor.

Items

Note: There are more items than these, but these are listed in the manual plus a few helpful additions. There are more items in the game that aren't listed, many of them very rare drops!
